Hollywood
Private Hospital
Part of Ramsay Health Care

Haematology Clinical Research Fellow Perth, Western Australia

Sir Charles Gairdner Hospital | Linear Clinical Research | Hollywood Private Hospital

Multiple positions available from February 2025 (negotiable start dates)
Initial appointment for 12 months, extensions encouraged subject to satisfactory performance

Disease Leads:

- Lymphoma - Prof. Chan Cheah
- Myeloma - Dr. Bradley Augustson
- Leukaemia/MDS - Assoc. Prof. Carolyn Grove

Essential criteria

- Completed (or in the final/penultimate year of training) as a Clinical Haematologist
- Registered with the Australian Health Practitioners Regulatory Authority (or eligible for registration [link here](#) for further information)
- Excellent clinical and interpersonal skills
- Demonstrated interest in clinical research.

Position description

You will play an integral role in the function of a busy clinical trials unit with >30 studies ranging from phase I-III across lymphoma, myeloma, and leukaemia. We have an active cellular therapy program including autologous and allogeneic CAR T-cell trials. Sir Charles Gairdner Hospital is Perth's largest public tertiary hospital, located 5km west of central Perth. For department overview, active trials, and our fellowship program visit www.bloodcancerwa.org.au/fellowship/

Key responsibilities

- Identification, recruitment, and care of patients on clinical trials
- Disease subtype focused outpatient clinics
- Design, presentation, and publication of clinical research

Why join us?

- Work in one of the most active Haematology clinical trials units in the world
- Mentoring opportunities with leaders in the field
- Outstanding program track record: our alumni have oral presentations at ASH, first author publications in high impact journals and pivotal involvement in investigator-initiated trials.
- Excellent opportunities to independently manage patients as a consultant, with senior clinicians supporting in the background as needed.
- Protected research time, with projects tailored to suit interests.
- Work/life balance: no rostered after hours or weekend commitment
- Part time hours negotiable
- Perth is clean, safe, family friendly, has excellent schools, a vibrant arts/dining scene, and sunny climate suited to an outdoor lifestyle.

Applications and further information

Closing Date: 1st of May 2024.

First round interviews set in June 2024.

Please forward an expression of interest and a CV to admin@bloodcancerwa.org.au
